NOVEMBER IS NATIVE AMERICAN HERITAGE MONTH

We at Pikes Peak State College are committed to recognizing and supporting Native American students, and we believe that celebrating Native American Heritage Month is just one step in this ongoing journey. We value your input and would like to invite you to help us take further steps by suggesting programs that honor the depth and diversity of Native cultures.

We believe that your ideas for music, lectures, films, or crafts are crucial for fostering an inclusive environment that truly celebrates Native American heritage. We want to create a series of events that not only celebrate but also support and uplift Native American culture. Your suggestions will play a vital role in shaping these events and ensuring they are meaningful and impactful.

To facilitate this process, we have created a suggestion form where you can share your thoughts and ideas. We encourage you to take a few minutes to provide your input and be a part of this vital progress. Thank you for your dedication and commitment to enhancing Native American representation and culture on our campus. We look forward to reviewing your suggestions and working together to create events that celebrate and support you.
