

How to Register for Classes in Navigate Schedule Courses

Browse class times and locations and register for classes in Navigate Schedule Courses. If you aren't sure which courses to register for, use the Navigate Planner instead and schedule an advising appointment.

Navigate registration works best on a laptop or desktop computer.

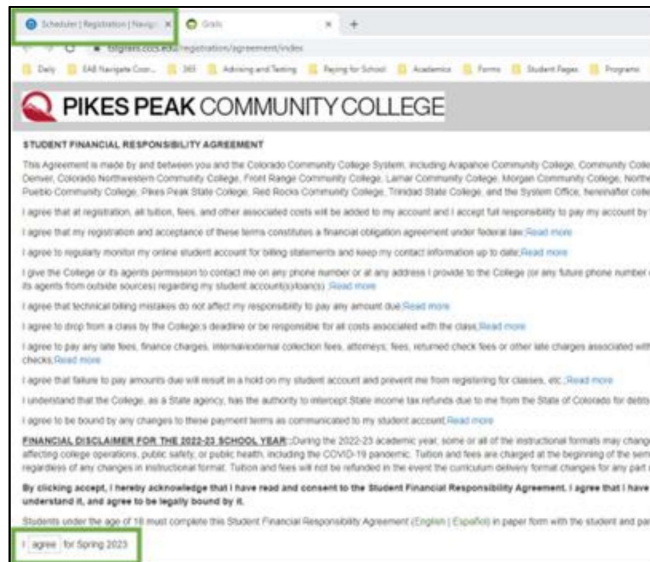

1. **Access Navigate.** To access Navigate, visit pikespeak.edu, select “myPikesPeak Portal Login” from the menu, log in with your S# and password, and select the  icon.
2. **Open the course selection and registration screen** by selecting “Schedule Courses.” The scheduling and registration screen will open.

3. **Ensure you have accepted the payment agreement.** You must accept the payment agreement each semester before registering. You may have already accepted the agreement, but if there is a yellow bar above your calendar on the registration page, this means you have not accepted the agreement yet.

Follow the link inside the yellow bar. The payment agreement will open in a separate window. Review and agree. After you have agreed to the Payment Agreement, select the blue Scheduler tab in your web browser to return to Navigate.

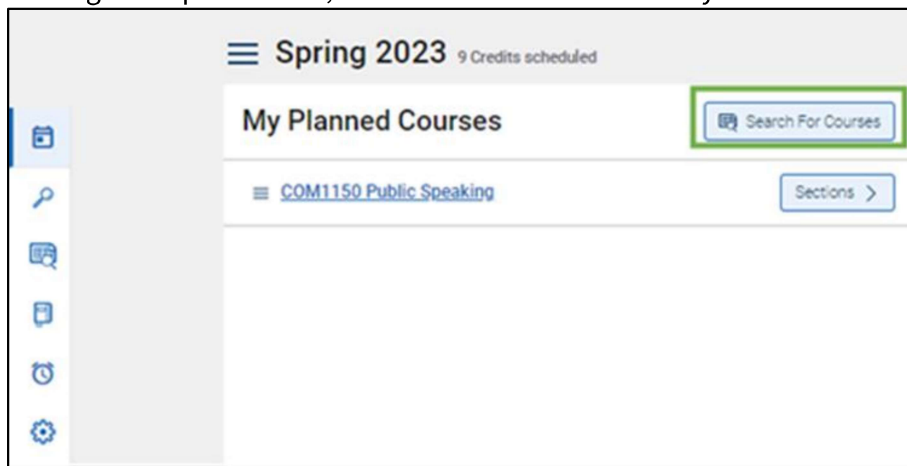

4. **Choose the term** you would like to register for. Review the current term in the top left corner

to ensure it's the term you want to register for. If you need to change the term, use the  icon next to the term to do so.

5. **Search for and add classes.** Add classes using the “Search For Courses” button. If you are looking for a specific CRN, use the  icon to search by CRN.

Use the filters to search for a course. If you know the exact course you are looking for, use the Course Code filter to enter details, such as BIO1111, or BIO, or 1111.

Tip: Start by using just one filter at a time. The more filters you use, the narrower your search results will be.

The screenshot shows the main course selection interface. At the top left, it says 'Spring 2023' with '9 Credits scheduled' next to it. In the top right corner, there is a button labeled 'Back to Planned Courses'. Below this, there is a 'Search For Courses' section with a search bar and a note: 'Add a course that is offered in this term. Not all courses that are offered will have availability.' At the bottom, there is a 'Filter Preferences' section with a 'Course Code' field and a 'Search Results' section with an 'Add Courses To Term' button.

6. **View class times and locations.** To choose a time and location for your class, select “Sections.”

Tip: If you are taking MAT or ENG classes that begin with a zero, such as ENG0094 or MAT0120, start with the class that has the smallest number. For example, if you are taking MAT0120 and MAT1120, start by choosing a section of MAT0120.

7. **Select class times and locations.** Select the  icon next to a campus to view classes at that campus. Next, select  and “Add Section.”

The class you chose will move to the space “below the calendar.”

If there is a yellow Reminder bar in the section you chose, select the “View Corequisites” button inside to read more.
