

COMMENCEMENT 2021

PIKES PEAK
COMMUNITY
COLLEGE

May 15, 2021
Centennial Campus

Dear PPCC Graduates,

For over 50 years, generations of students have celebrated graduation on our stage; never has a group faced and overcome the level of adversity of this year's graduates! Congratulations on your success and your perseverance. Succeeding in achieving your dreams and graduating in the Time of Coronavirus is an extraordinary accomplishment.

We know many of you finished this semester in dramatically different ways than you expected. Some of you were isolated and alone, struggling to find human connection and the will to successfully complete your classes. Others among you were under the strain of homeschooling your own children while working to complete your classes. Many of you dealt with lost employment for yourselves or family members, fear and anxiety, social isolation, and technical challenges. Yet, you overcame those challenges and many more to become college graduates.

May your triumph over adversity provide you with a lasting confidence that no challenge will derail you from your goals. As an institution, Pikes Peak Community College faculty and staff look on your graduation with a special pride. We are witness to the effort and endurance required for you to graduate, and we are leaping, cheering, shouting, and celebrating your success.

As graduates, you are entering a new and changed world in the wake of the pandemic. You will help to shape this new world. I expect new college graduates to play an outsized role in shaping our future economy, workplaces, and the culture of our community. Your vision, insight, and ambition are critical to the resiliency and recovery of our community and our nation. Our society needs your talent, skill, and energy.

Congratulations and Godspeed!

A handwritten signature in black ink that reads "Lance A. Bolton". The signature is written in a cursive, flowing style.

Lance Bolton, Ph.D.

PRESIDENT, PIKES PEAK COMMUNITY COLLEGE

2021 COMMENCEMENT FESTIVITIES

Finding new ways to celebrate your accomplishments in the face of adversity

PPCC DRIVE-IN GRAD WALK

Saturday, May 15, 2021 | 9 a.m.–4p.m.

Pikes Peak Community College | Centennial Campus | 5675 S. Academy Blvd.

Pikes Peak Community College is pleased to announce that we are moving forward with an in-person option for our Commencement Ceremony this spring: The 2021 PPCC Drive-in Grad Walk. This event was created to honor our graduates in-person the safest way possible in light of the ongoing Covid-19 pandemic.

Our commencement planning team designed the Grad Walk so that the most important parts for our graduates of our Commencement Ceremony could be done in-person. These include wearing your cap and gown, walking across a stage while having your name called, having your photo taken, and receiving graduation materials all while your family and friends cheer you on!

Our spring 2021 graduates, as well as our Virtual Ceremony participants from 2020, are invited to register and participate in this unique event. On the day of the Grad Walk, graduates and their families will arrive at the PPCC Centennial Campus in their vehicle(s) during their chosen time slot to ensure we maintain social distancing and capacity requirements.

Graduates and their guests will be guided by signs, cones, and volunteers to the staging area, always remaining in their vehicles. Once they reach the staging area, the graduate will be directed to exit their vehicle, receive graduation materials, have their names read over a loudspeaker, have a photo taken, and walk across the stage to the sound of family and friends cheering them on. The graduate will then get back into the car and along with their guests, they will exit campus.

We are so proud of our 2020 and 2021 graduates as they have accomplished this important milestone during a time of great uncertainty. Thank you for all your hard work and dedication; we hope that this event will give you the spotlight you all deserve for the remarkable effort you have put into graduating from Pikes Peak Community College.

VIRTUAL COMMENCEMENT CEREMONY

*Release Date: Saturday, May 29, 2021 | Release Time: 10:00 a.m.
Facebook Live*

Along with the Drive-in Grad Walk, Pikes Peak Community College will be hosting another Virtual Commencement Ceremony this year. The Virtual Commencement Ceremony originated last year due to the onset of the COVID-19 pandemic. Although we couldn't celebrate our grads in person, the virtual ceremony was a big success. This is because we can include every student who wishes to participate—no matter where they are located. Thus, we are continuing the tradition this year. We expect that a virtual ceremony will become a permanent fixture of our commencement tradition here at PPCC; we want to celebrate with as many of our graduates as possible, and sometimes an in-person event just isn't enough!

Our 2021 Virtual Commencement Ceremony will include every aspect of a traditional ceremony that we could not include in the Drive-in Grad Walk due to safety concerns, such as speeches from our executive and system leadership, video submissions from students and faculty, a keynote address, and much more. The ceremony will end with a slide reel for our graduates that highlights who they are and what they have accomplished as a student here at PPCC.

Tune in at 10 a.m. on Facebook Live to watch the virtual ceremony live and check out our graduation page or YouTube channel to watch the ceremony after it has aired. Congrats grads!

This booklet contains all 2021 Virtual Commencement Ceremony Participants.

COMMENCEMENT SPEAKER

REGINALD MCKNIGHT

Reginald McKnight is a short story writer and novelist. He is the author of *He Sleeps*, *Moustapha's Eclipse*, *I Get on the Bus*, *The Kind of Light that Shines on Texas*, and *White Boys*. He is also editor of *African American Wisdom* and *Wisdom of the African World*.

McKnight has won the PEN/Hemingway Special Citation, Pushcart Prizes, the O. Henry Award, the Kenyon Review Award for Literary Excellence, a Whiting Award, the Drue Heinz Literature Prize, and a fellowship from the National Endowment for the Arts. In addition to writing, McKnight has been a professor of English at the University of Pittsburgh, the University of Maryland, College Park, Carnegie Mellon University, and the University of Michigan, Ann Arbor. He is currently the Hamilton Holmes Professor at the University of Georgia in Athens.

McKnight was born in Fürstenfeldbruck, Germany, to an Air Force family. He earned degrees from Pikes Peak Community College (A.A.), Colorado College (B.A.), and the University of Denver (M.A.). He is also Phi Beta Kappa and received an honorary doctorate from Colorado College. McKnight has called Athens, Georgia, home since 2002, where he lives with his wife, writer Sabrina Orah Mark, and their two sons.

GRADUATING WITH HONORS

This year we recognize our 2020 virtual ceremony participants who are returning to the in-person Drive-in Grad Walk event with a royal blue honor cord. These students were the first to graduate during the Covid-19 pandemic.

The graduates who are graduating with highest honor, Summa Cum Laude, are wearing gold double honor cords. This distinction is earned by those graduates who have achieved a 4.0 cumulative grade point average. Those who are graduating with great honor, Magna Cum Laude, are wearing single strand black with burgundy honor cords. This distinction is earned by those graduates who have achieved a 3.75–3.99 cumulative grade point average. Students graduating with honor, Cum Laude, are wearing intertwined black and burgundy honor cords. This distinction is earned by graduates who have achieved a 3.5–3.749 cumulative grade point average. All distinctions are calculated on a minimum of 15 credit hours at Pikes Peak Community College based on coursework and grades entered by December 2020.

ON ACADEMIC DRESS AND CUSTOMS

The cap and Gown are a part of a tradition which can be traced to organized bodies of learning in

the 12th century. There was nothing unique about wearing a robe and a cloak with a portion of the cloak pulled up over the head for covering and protection.

Everyone wore a robe and cloak, but they were not identical. The King decreed what quality of fabric and what colors could be worn by whom. A person's profession, skill, wealth, and rank could thus be easily recognized by the gown he wore.

A statute enacted in 1358 at Oxford probably made few friends for the chap working on a Master of Arts: "It is honorable and in accordance with reason that clerks to whom God has given an advantage over the lay folk in their adornments within, should likewise differ from the lay folk outwardly in dress." The enactment was not much aimed at the general public, but at a specific trade: the tailors were trying to make a few pence profit by shortening the university gown. Gowns and hoods were the accepted style of dress until the 16th century when tight fitting breeches, capes, and plumed hats became the vogue. This new attire was accepted by virtually everyone except officials of the cities and kingdom, the legal and clerical professions, and those in universities who preferred the older dress.

The cap was a part of the academic wardrobe in the 16th century, but its origin is not clear. Some say it was representative of the scholar's books; others, that it was derived from the mortarboard of the master workman.

Some think it came from the quadrangular layout of the typical English campus. Like many English customs, caps and gowns were introduced in the American Colonies. It was not until 1885, however, that the apparel gained popularity. A widespread student movement focused attention on the need for a democratic and dignified wardrobe for wearing at a ceremony commemorating the end of formal education. Caps and gowns were adopted, but the styles and colors had no particular meaning until 1895 when an "Intercollegiate Code" established design and color criteria.

The academic dress worn by faculty and staff indicates the degree held, the subject in which it is held, and the institution granting it. Gowns are of the three kinds: the Bachelor's with full, pointed sleeves hanging open; the Master's with flowing sleeves which hang below the opening at the wrist; the Doctor's with very full sleeves gathered at the wrist. The gowns are black, although occasionally trimmed with colored velvet; the hoods are of many colors. The color of the lining of the hood indicates the institution granting the degree. The color of the velvet edging on the hood indicates the division of the university.

The mace, a symbol of the authority of the institution to confer degrees upon deserving candidates, had its origin in the club or weapon carried in medieval times by guards, persons of high authority, or officials of government. Its design and appearance typically resemble a metal torch or cross, decorated by carvings including the college or university seal.
