Note: Plus size gowns are all the same width, 84" around and just get longer to accommodate a person's height. Since the regular size gowns are a full cut it may not be necessary to put a person in a plus size gown. Students who do not have the normal weight-height proportions may fit better in the next larger sized gown rather than a plus sized gown.

Alterations: It is Oak Hall's policy that every student participating in their school's Commencement should be able to purchase and wear souvenir regalia that fits them correctly. That is why if there is any individual student that needs personalized alterations to make their souvenir regalia fit properly, Oak Hall will do so at no additional charge and with great pride.
