

PLA Student Agreement - MOU Industry Certification or Professional Licensure

1. I am requesting an evaluation of industry certification or professional licensure for college credit.
2. I understand that I must have already applied with PPCC and declared a course of study. If I do not have intentions of finishing a degree or certification at PPCC, I will declare non-degree seeking.
3. I understand that I should first consult with a faculty advisor.
4. I understand the evaluation of my prior learning cannot duplicate any previously awarded/earned credit.
5. I understand that credit shall appear on student transcripts as PLA and considered to be transfer credit. No letter grade will be assigned. The credit does not impact my Grade Point Average (GPA).
6. I understand that credit will only be awarded for those courses directly applicable to curriculum requirements required of my declared certificate or degree program as outlined in the college's catalog. Changing degrees will result in a reassessment of the applicability of the PLA credit.
7. I understand all PLA fees are waived per an established MOU only for the certificates listed below.
8. I attest that certificates and licenses provided are valid.

I have read the above and agree to the terms and conditions:

REQUESTED COURSE CREDIT

The following credit has been evaluated as part of a memorandum of understanding (MOU) based on the American Council of Education (ACE) and CCCS and/or PPCC faculty evaluation. Prior Learning Assessment (PLA) credit listed below will be awarded based on evidence of completion of the selected professional certifications and/or licenses.

If you are requesting credit for a certification not listed below, please complete the PLA Student Agreement form which requires faculty approval prior to being submitted to Records for processing.
