

Business (BUS)

Associate of Applied Science Management

Is Business Right For You?

Why a Business Degree?

- Do you like variety in your work?
- Are you detail oriented?
- Are you a “people” person?
- Do you like being on the “front line” of an organization?

If so, a career in business may be for you!

The Business Administration Degree with Management emphasis is designed for those students whose career path or occupational goal includes working in a corporate organizational structure as a manager of a particular department or functional area.

When you apply for a business degree you can earn the kind of education that puts you in the middle of the action--and the top of the pay scale. What are you waiting for?

Graduates of this program will gain the knowledge and skills needed for an entry-level business position.

Program Overview

This AAS is unique in the fact that it can transfer into the business programs of several Universities while earning an Associate of Applied Science (AAS) Degree in Business.

Management

An Associate degree in Business with Management emphasis can help equip you with the business skills and know-how needed for a wide variety of careers within the business management field.

The Management emphasis is designed for the business professional who likes to plan, organize, lead, and control the resources that give you the competitive edge.

Students will gain knowledge in management, marketing, human relations, customer service, economics, accounting, and communications.
